

Homes rebate journey

1 Eligibility

To qualify, you **must** be a residential electric customer of Estes Park Power and Communications, Fort Collins Utilities, Longmont Power & Communications or Loveland Water and Power.

Own a single family detached home or multifamily units (4 or less per building) are eligible. **Home must be at least one year old.**

2 Assessment

For insulation, air sealing, windows, and doors, an assessment is necessary. However, an assessment is not required for HVAC.

3 Inform

Ensure you are working with an Efficiency Works listed service provider to ask about available rebates for your home.

4 Pre-Approval

Certain rebates or bonuses may be subject to pre-approval requirements, verify with a listed service provider.

✓ Work completed!

5 Working with your service provider

Once you start working with your Efficiency Works service provider, you will be asked to sign the following documents once work is completed:

Terms and Conditions

Certificate of Completion

Health and Safety Liability Form

6 Rebate application submission

Your service provider must submit your rebate application within 45 days of completion; you do not need to submit it yourself. You will receive an email notification once it has been submitted.

7 Approval

Our Efficiency Works Homes program manager will approve your application after it has been submitted by your service provider. You will receive an email notification once approved.

8 Payment

Our Efficiency Works Homes program pays out every two weeks. You will receive your rebate check in 4-6 weeks.
