

# Become a service provider

## The best overall rebates in Northern Colorado

Top glass rebate in Colorado: \$3.75/sq. ft. for all glass and doors.

Comprehensive heat pump rebates: from \$500 to \$3,000.

Best air sealing rebates: up to \$750 for 50% leakage reduction.

\*Rebate amounts are subject to change, review [efficiencyworks.org/homes/rebates](https://efficiencyworks.org/homes/rebates) for the most up to date offers.

## Access to materials, trainings and more!

As a service provider, you gain exclusive access to marketing resources, complimentary technical training, sales training, opportunities for training and equipment grants.

## Get the ultimate customer service

Our program offers complimentary quality control services to ensure customer confidence and provide rebate status updates to both the service provider and the customer. This encompasses updating both the customer and contractor about the status of their rebate.

## Get more visibility and work

For small businesses aiming to stand out, becoming part of our service provider program can boost your online presence and streamline your operations. Efficiency Works will guide you through eligible technologies, help increase your sales and open doors to bigger opportunities.
