

**Community Efficiency Grant application**

The Community Efficiency Grant is available to nonprofit businesses that provide critical community services and multifamily properties. The grant provides an additional 1.5 times the standard rebate to cover up to 100% of an electric efficiency upgrade project cost. To receive grant funds, the project must be preapproved after January 1, 2024, and completed with all final paperwork submitted before November 15, 2024. Grant funding is limited and subject to availability. Standard rebate caps and requirements apply. Not all rebates are eligible, see the Program Guide for details.

**Instructions for use:**

1. Verify your organization meets the eligibility requirements listed below.
2. Complete the following grant application.
3. Submit this application for preapproval alongside the Efficiency Works Business rebate application.

Your organization is an IRS 501(c)3 nonprofit in good standing with the State of Colorado.

Your organization is a community service provider, defined as a nonprofit tax-exempt entity whose core mission is to provide one of the following critical community services (please select all that apply):

Childcare centers in dedicated commercial spaces  
Community centers  
Disability service providers  
Domestic violence centers  
Emergency services organizations  
Family support organizations  
Food pantries

Homeless shelters  
Immigration service providers  
Job training and workforce development services  
Libraries not owned by a town or municipal government  
Mental and behavioral health facilities  
Rehabilitation providers  
Women's or children's shelters

Your organization is a place of worship with low-income or community welfare services provided directly from the organization. Only the specific areas of the facilities that are used to provide these services are eligible. A summary of the services and what parts of the facilities they are provided in must be submitted along with this application.

Other - if there are additional eligibility considerations, please tell us why your business/organization should be considered for this grant:

**Multifamily properties (must select 1)**

Your multifamily property has 5 or more residential units per building and has a commercial electric meter on site.

Your multifamily property has 5 or more residential units per building, has a commercial electric meter on site, and 66% of your resident population is at or below 80% of area median income.

By checking this box, I confirm that I can verify the selected eligibility requirement(s) upon request and that I agree with the terms and conditions as listed on the Efficiency Works Business rebate application.\*
