

Community Efficiency Grant application

Approval date:
Approval code:
(For administrative use only)

The Community Efficiency Grant is available to nonprofit businesses that provide critical community services and multifamily properties. The grant provides an additional 1.5 times the standard rebate to cover up to 100% of an efficiency upgrade project cost. To receive grant funds, the project must be preapproved after January 1, 2025, and completed with all final paperwork submitted before November 15, 2025. Grant funding is limited and subject to availability. Rebate caps and requirements apply. Not all rebates are eligible, see the Program Guide for details.

Instructions for use:

1. Verify your organization meets the eligibility requirements listed below.
2. Complete the following grant application.
3. Submit this application for preapproval alongside the Efficiency Works Business rebate application.

Serving water utility

Eligibility requirements (check all that apply):

Businesses that provide critical local community services (must select 2 or more):

Your organization is an IRS 501(c)3 nonprofit in good standing with the State of Colorado.

Your organization is a community service provider, defined as a nonprofit tax-exempt entity whose core mission is to provide one of the following critical community services (please select all that apply):

Childcare centers in dedicated commercial spaces
 Community centers
 Disability service providers
 Domestic violence centers
 Emergency services organizations
 Family support organizations
 Food pantries

Homeless shelters
 Immigration service providers
 Job training and workforce development services
 Libraries not owned by a town or municipal government
 Mental and behavioral health facilities
 Rehabilitation providers
 Women's or children's shelters

Your organization is a place of worship with low-income or community welfare services provided directly from the organization. Only the specific areas of the facilities that are used to provide these services are eligible. A summary of the services and what parts of the facilities they are provided in must be submitted along with this application.

Other - if there are additional eligibility considerations, please tell us why your business/organization should be considered for this grant:

Multifamily properties (must select 1)

Your multifamily property has 5 or more residential units per building and has a commercial electric meter on site.

Your multifamily property has 5 or more residential units per building, has a commercial electric meter on site, and 66% of your resident population is at or below 80% of area median income.

By checking this box, I confirm that I can verify the selected eligibility requirement(s) upon request and that I agree with the terms and conditions as listed on the Efficiency Works Business rebate application.*
