

# Hit the suite spot with savings

**Learn how Efficiency Works can help your hospitality business save energy and water, make affordable improvements and receive rebates.**

Is your property operating with outdated, inefficient equipment? Efficiency Works offers multiple solutions—from free products to rebates and more—that can add value, enhance your guests' experience and lower your monthly expenses.

## More than just energy and money savings

**Your hospitality business can improve its efficiency and lower utility costs after receiving:**

- Free installation of efficiency products by an energy advisor
- Rebates for efficiency projects
- Assistance optimizing equipment and operations for better efficiency

## Top five energy-saving opportunities for hospitality businesses

### Get free products installed by Efficiency Works

Save energy and water in guest rooms and common areas by receiving free direct installations of energy- and water-saving products, which may include:

- LED screw-in lightbulbs
- Snack and beverage vending misers
- High-efficiency showerheads and faucet aerators

### Maintain high-efficiency HVAC equipment

The Efficiency Works Performance Plus program partners with local service providers to make maintenance easier and more affordable. Regular maintenance of HVAC systems can help:

- Reduce energy use
- Lower operating costs
- Improve indoor air quality

### Optimize automatically with controls

Save as much as 30% on lighting costs with occupancy sensors in back-of-house spaces, meeting rooms and other low-traffic areas. Pair those with guest room management systems and automate aspects such as:

- Lighting
- Window treatments
- Temperature settings

### Upgrade indoor and outdoor lighting to LEDs

Efficiency Works offers rebates for upgrading inefficient lighting. Switching to LEDs is beneficial because they:

- Last longer
- Reduce maintenance
- Increase safety
- Lower monthly utility costs

### Install ENERGY STAR® certified appliances

Appliances with the ENERGY STAR label are designed to deliver reliable performance efficiently. In addition to lowering your operating costs, you can also receive Efficiency Works rebates on the following qualifying models:

- Dishwashers
- Refrigerators
- Ice machines
- Clothes washers
- And more!
